

SANITARY PLUMBING

Our aim is to do you the very best of plumbing work at a moderate price. However we do not make the price so low that we have to do poor work to come out even. If you will compare the class of work that we do with others you will find where the difference in price is. We have men to do this class of work for us who have been with us several years. We don't do any work that we can't guarantee.

The strange thing about the condition of the cattle market just now is that thoroughbred cattle at public auction are selling quite low. This condition will change some of these days and when every one gets the cattle buying fever the cattle market will boom—better get in ahead of the boom by attending the Hanna-Hill Short-horn sale at Fredonia, Kansas, Wednesday, May 18th, 1910.

Wm. H. Murray

Will Speak at Vinita on

Monday, May 9
at Night

You are earnestly requested to be there and hear Mr. Murray, the man who has proved to the common people that he is their friend—proven it by helping to draft the soundest constitution in the United States, a common people's constitution. Bill Murray helped make that constitution and then helped save the parchment copy from the grafters. He is honest, able and conservative.

Sturm's Oklahoma Magazine Says:

"Murray is more sanely radical and more intelligently conservative than any man who wrote the constitution."

Sketch of Murray's Opening Speech:

"The integrity of the home and happiness of the family, the pure character of the wife and mother constitute the sum of society, civilization and wholesome government."

Whether you are supporting Mr. Murray or not, you earnestly invited to be at this speaking. It will be worth your while to hear this learned man talk up on state issues.
